The Free State Party in Kansas.

In the *Herald of Freedom*, published at Lawrence, Kansas, by Mr. Brown, and whose press and establishment was purchased by the contributions of the Fremont party we find the following most rational and pathetic appeal to the "Free State" party in Kansas.—*News.*

The nature of this rational and pathetic appeal may be judged by its appearance in an endorsement by the *News*, which is famous for its faithfulness (!) to the cause of Freedom in Kansas.

Naturally, suspicion is excited by any commendations by such a paper of articles supposed to be favorable to the cause of right and justice; and accordingly it is found that this Mr. Brown, whose "press was purchased by the contributions of the Fremont party," manifests signs of a disposition to go over to the sham Democracy. At a late public meeting at Lawrence, Mr. Phillips, correspondent of the N. Y. Tribune, made some remarks, of which we find the following report;

He spoke of the efforts of Governor Walker to divide and distract the Free State men; of his efforts to destroy the Topeka constitution. He was suspicious of the ostensible endeavors of free State men to induce the people to abandon the State organization. A fact had come to his knowledge while taking the census, which might serve to show how things were being managed, and where the opposition to the Topeka constitution was being fed. It was a fact of importance, and the people should know it. He had learned from the gentlemen to whom the proposition was made, that a certain editor of a paper in this place, (Lawrence) had proposed to another editor to abandon the organization, and go on with his paper and support Gov. Walker, saying that there was to be a Walker party in this Territory, and that party was bound to succeed (Great sensation, and cries of "Name him.") Mr. Phillips replied, "the man who made the proposition is G. W. Brown, of the *Herald of Freedom*; the man to whom it was made is S. S. Prouty, of the *Freeman's Champion*." (Renewed sensation and almost universal hissing throughout the assembly.)

If the statement of Mr. Phillips be true—and Brown, in his next issue after the meeting does not deny it, there is good reason why the *News* shall regard the *Herald of Freedom* with favor.

Post Office Statistics.

The following facts are compiled from an array of statistics prepared by Pliny Miles, Secretary of the N. Y. Postal Reform Association, and published in the N. Y. *Tribune*:

New York writes annually 29,259,943 letters; Pennsylvania, 12,845,868; Massachusetts, 11,862,071; Ohio, 9,203,348; Illinois 6,797,376—total, 68,668,590. The fifteen Southern States together write 35,921,521 per annum, or a trifle more than one half the number despatched by the five Northern States. The six New England States furnish to the national correspondence 23,841,197; while the States of Virginia, North Carolina, South Carolina, Georgia, Florida, Alabama, Mississippi, Louisiana, Texas, Arkansas and Missouri, contribute 22,967,232. Ohio and Illinois write 16,000,713, against 14,012,931 from the territory embraced in Virginia, North Carolina, Kentucky, Tennessee, Missouri and Arkansas. New York and Massachusetts indulge in a postal correspondence of 40,622,014 letters per annum, while the fourteen States south of the Potomac and the Ohio, and west of the Mississippi manage to conduct business with 37,689,417. While such is the relative state of correspondence, the revenue and expenses exhibit a more serious difference. The postal expenses of New York, Pennsylvania, Massachusetts, Ohio and Illinois are $3,171,433, and the revenue from the same is $3,370,356—excess of revenue, $198,923. The expense incurred in carrying one-half the number of letters for the fifteen slaveholding States, is $3,846,333, and the revenue derived $1,555,723—deficit $2,290,610.—The only Southern State which pays its own postage is Delaware, which shows a credit balance of $171. The expense for the New England States is $989,233; revenue $1,560,475—surplus $571,242, which goes to liquidate a deficiency account of $2,024,682 in eleven southern States conducting nearly the same correspondence. New York and Massachusetts contribute $2,750,390 to the revenues of the Department, which disburses on their account $1,423,305. The States south of the Potomac and Ohio, and west of the Mississippi are credited with $2,739,277, and charged on the other page with $4,818,780; that is, the Southern and Southwestern States contribute a less sum per annum to the postal revenue of the Union than New York and Massachusetts, while their postal expenses are three times greater.

☞ The Milwaukee Sentinel says the Democracy will have it all their own way in the next Congress.—*Stevens Pt. Pinery.*

Scarcely. We think we said that the Democrats and their K. N. allies, will have it their own way.

Death of an English Earl.—An inquest has been held in London upon the body of "William Pole Tilney Long Wellesley, Earl of Mornington," who died suddenly. He was at one time in possession of £100,000 a year, but for some years has subsisted on a weekly stipend of £10, from his cousin, the Duke of Wellington. His life was insured on behalf of the trustees of the estate for 87,000*l.*, and for 120,000*l.* on behalf of other parties, making up a sum of 207,000*l.* The policies were not encumbered, as the premiums were regularly paid by the parties, and the earl frequently expressed his surprise that the people would continue paying on them.—Not one of the policies was in his own possession, and some were nearly forty years old.

Exports of foreign merchandise in American vessels	565,535
Exports of foreign merchandise in Foreign vessels	93,107

Patent Suit in England.—Two suits of a novel character are pending in the English Vice Chancellor's Court, brought by an American manufacturing company of edge tools (the Collins Company of Connecticut), one of them against a Mr. Brown, of Suffolk, England, whom the plaintiffs charged with imitating their manufactures and labels, and another against a Mr. Cohen, a merchant of Birmingham, whom they charged with exporting those counterfeited articles to the United States, Cuba and Austra-

The Louisville Affair—A Challenge Passed.

The telegraph has announced that Messrs. Prentice and Durrett, who recently enjoyed a little bloodless pistol shooting in the streets of Louisville, have been bound over to keep the peace towards each other. Durrett challenged Prentice, but the latter declined, being opposed to duelling, yet he found no difficulty in getting into the street to try kill his opponent. The following is given, in the Cincinnati *Gazette* as the cause of the trouble:

Prentice had charged Hon. J. M. Elliot, candidate for Congress, with being a drunkard, and the Courier replied on Tuesday morning in an article headed, "The Editor of the Journal and Hon. J. M. Elliott," in which some old charges which have been repeatedly made in that paper against Prentice were reiterated. The following extracts contain the offensive sentences:

"The editor of the Journal is an imported wooden-nutmeg Yankee, who edited an Abolition paper in Connecticut before emigrating to Kentucky."

"The plug ugly editor who makes them is a notorious drunkard."

"We, ourselves, have seen him on the public streets within the past few months so beastly intoxicated, that a friend on each side supporting him, had as much as they could do to enable him to navigate homeward. It is only a short time since that while going on a lecturing tour to Indiana, he was so deeply in liquor, that on endeavoring to walk on a plank from the ferry boat to the shore, he fell into the river. He was fished up and taken to the hotel in Jeffersonville, where he was put to bed until he became sober and his clothes were dried."

"And he is now supporting for Congress in this District Hon. Humphrey Marshall, who, it is well known, spent much more of his time in the drinking saloons and gambling halls of Washington than in his seat on the floor of the House of Representatives; who now gets drunk whenever he feels like it, (which is not by any means unfrequent) and who at the last May election for magistrate, was knocked down and whipped at Frankington, Henry County, for insulting a man while he (Marshall) was drunk."

In the Courier of yesterday morning, Mr. Halderman acknowledges the authorship of the article. Mr. Durrett has not yet assumed the position of editor, but as he had the connection in view he says:

"He has seen evident indications of an intention to bully him on the part of the Journal office and an effort to intimidate him before he even had commenced the discharge of his duties."

The Journal of yesterday publishes the notes that passed between Prentice and Durrett. In the first Prentice demands the authorship of the article. Durrett replies that he has not yet assumed the editorship of the paper and that therefore Prentice had no right to ask him such a question. Prentice replies, calling him a coward, and the notes following merely repeat these questions and charges.

If these charges are untrue, Mr. Prentice has lived long enough, and won a sufficient reputation to pass them by as only disgracing the slanderer. If they are true, killing the utterer would not heal the reputation of the homicide—murder would not help the matter. And again, if they are in any sense true, how wofully has Geo. D. Prentice, the genial wit, the true poet, fallen!

Senator Doolittle Doctorated.—At the late commencement of Hobart College, Geneva, the degree of L. L. D. was conferred upon Hon. J. R. Doolittle, U. S. Senator from this State.

☞ Rev. Henry Ward Beecher writes that within two weeks three of his nephews have met violent deaths—two by a railway accident in Ohio, and one by drowning in New Hampshire.

A Well deserved Compliment.—The Kenosha *Telegraph* pays the following high compliment to Mr. J. G. McKindley, the able Principal of the public School in that city. We are glad to hear that their is a possibility that Mr. McKindley's services may be obtained for our new Seventh Ward School, with the idea of organizing a department of a higher grade, to which meritorious pupils from the other school shall be given admission;

It is seldom that all the qualities that go to make up the perfect teacher are united in one person, and when they are, the services of such an one are above price. But such a teacher our educational Board found, when they engaged our present Principal, Mr. J G McKindley.—Energetic, devoted to his profession, untiring in his zeal for the advancement of his pupils, and with a tact for awakening interest in the most apathetic minds, he has infused into the youth of our city, a love of study and an ambition to excel, that will not slumber again, though the master spirit that awakened it be withdrawn. It is this faculty of unlocking the dormant faculties of the young, that gives to the teacher his great power for good.

We know not whether the services of Mr. McKindley are to be retained another year, but we know it will be no easy matter to fill his place. If he seeks some new field for his labor, he will have the satisfaction of knowing that he leaves behind him an influence that will long be felt among the expanding intellects and growing minds of Kenosha, and wherever his lot may be cast, we are certain that the best wishes of his late pupils and their parents will go with him.

Southern Line of Steamships—Great Success!—The New York *Tribune* astonishes the commercial world by the following allusion to the success of Mr. Mann's movement towards carrying out the project for a Southern line of steamships:

Mr. A. Dudley Mann, the projector of a line of steamers to run between Milford Haven and Chesapeake Bay, to be established by Southern capital and sustained by Southern trade, has met with unexpected if not conclusive encouragement. In his latest pronunciamiento he announces that the officers of the Southern Convention at Savannah have written to him, each pledging himself to take one share of stock in the gigantic enterprise. The shares are to be $100 each, and the number of the officers is eight. Thus we have $800 pledged, and perhaps more, for we are given to understand that other members signed the letter, although their names are not published. This, for an enterprise involving an expenditure of a great many millions of dollars, is not a very magnificent commencement; but Mr. Mann, who is apparently of a hopeful and even enthusiastic nature, considers that "here is proof sufficient to satisfy the most sceptical that the States of the South, as concerns the steam ferry, are disposed to act upon the principle of one for all and all for one."

Watertown Gas Works.—The Watertown *Democrat* says:

The Gas company have now kept the works in operation over one year, at a total loss of $4,000 00, or a loss of from $150 00 to about $350 00 per month, which sum the directors have paid for the purpose of sustaining them, and saving the credit of the city. But this praiseworthy liberality cannot be continued without proving ruinous to the parties interested. Only a few of our citizens have taken any stock in the company, and the burden falls heavily on two or three individuals.

In view of these facts, the company deem it necessary to stop operations, or raise the price of gas to a paying point.

Suicide of Plumbe, the Daguerreotypist.—Mr. John Plumbe, the daguerreotypist, recently committed suicide at Dubuque, Iowa. The West Urbana *Press* thus speaks of him:

"Mr. Plumbe was about the first to introduce the Daguerrean art in this country, and for several years had extensive establishments in New York, Philadelphia, Baltimore, Boston and Albany."

Business of Elkhorn.—The last number of the Elkhorn Independent gives the following as the business done by the Warehouses in that village from the first of September, 1856, to July, 1857:

Wheat,	115,965	bush.
Barley,	2,494	"
Oats,	5,630	"
Rye,	1,035	"
Timothy seed,	308	"
Clover seed,	85	"
Potatoes,	1,700	"
Grass seed,	620	"

This is a good "exhibit" and shows that Elkhorn is prospering finely.

A Wisconsin Man Drowned in Ohio River.—The reader will remember a report published some weeks ago in reference to the discovery of the body of a drowned man, about nine miles below Louisville, upon whose person $1,800 in cash, a gold watch, a pair of pistols, &c., were found. The P. M. at Louisville, received a letter from a lady at Waupun, Wisconsin, containing the portrait of the unfortunate man, and claiming the deceased was her husband. His name was Noah Zeigler, and he was a daguerreotypist by profession. The last time she heard from him he was in Warren, Ohio. There is little doubt but she is correct about the unfortunate man's identity.—*Madison Argus.*

Affairs in Kansas.

Translated for the *Sentinel* from the "*Kansas Zeitung*" of July 15th; edited in Atchison, K. T., by Dr. C. F. Kob.

The political horizon of Kansas seems to brighten in an encouraging manner, though here and there a few threatening clouds hang around, portending mischief. The last events—the kingly speech of Walker, the Topeka Convention, the address of Robinson and the election of Delegates—prove the existence of one party only: the *money party!* Men, who, but a few months ago political opponents and adversaries, had sworn eternal hate, war and annihilation against each other, could be seen arm in arm discoursing about the laying out of a new city, about a new mill or railroad enterprise, and entering into an intimate partnership. The former leaders of the pro-slavery party declare openly, that they have become "conservative," that their "patriotism" had vanished, that their only aim now is to make money like the Yankees.

Three causes may have induced that ultra-pro-slavery party to change its policy towards the "abolitionists," as they called all not belonging to them; or rather to give it up entirely:—First, the enormous free state immigration may have proved to them that threats and despotic measures would avail very little; then the great losses the democratic party had suffered in the northern States in the last campaign may have induced the men in Washington to dictate this compromising policy so as to save what remained; or rather, the mighty dollar may have contributed the most, because such an *argumentum ad hominem* even the pro-slavery party could not overlook, when the prices of land in free-state districts rose enormously, but in the pro-slavery precincts remained on the same low level. Very likely all three causes co-operated to bring about the present state of affairs.

Nevertheless, we see the old feeling continued. Buchanan appointed the greatest rascals, thieves and acknowledged murderers, for the most profitable places, and free State men are harrassed and punished for trifles, when well known criminals of the other part are not only continually acquitted, but after their acquittal they are, like Fugit, who murdered and scalped Hopps, carried under protecting escort of State officers over the boundaries of Missouri.

But especially when we listen to the words of Gov. R. Walker, sounding so well and promising so much, like those of King Frederick in Berlin, in 1848, we exclaim—Free State men! *Timeo Danaos!* too much kindness is suspicious! He promises to join the legal opposition if the right of the people to vote on the Constitution should be violated; and nevertheless he, on the other side, fights with all his might against the adherence of the free State men to the Topeka Constitution, who by that, defend only the inherent rights of man against the most abominable despotism. But as long as the free State party has nothing better, it shall and must quietly and firmly stand by the Topeka Constitution, and try to carry out its principles as much as possible.—The moral impression of this persevering consistency is of great value, and works paralyzingly upon the enemy. But if the free State men, as it seems to be with many, allow themselves to be duped, and give up entirely the Topeka organization, then the one and powerful party splits again into Democrats, Republicans, Know Nothings, Abolitionists, and becomes powerless in its opposition to the other concentrated party.—Therefore, the men in Washington and here conduct their affairs in such a crafty and hypocritical way; but the "divide et impera" peeps through in a pitiful manner. What else does it mean? Not to make Kansas a slave State, but a democratic State, and to carry back by skillful maneuvre the Democrats who are now free State men, into the Democratic church, and then to hold them bound by the old party chains, so closely that they have to vote when necessary for pro slavery officers and laws, when they are offered to them with the whole democratic ticket. Therefore, we appeal to the free State men—Hold firmly what you have conquered with so many sacrifices; be united, and do not allow yourselves to be enticed away from your watch-tower of liberty!

Racine College—Commencement Exercises.

The commencement exercises of Racine College, at St. Luke's Church yesterday, were witnessed by a large concourse of our citizens. At 2½ o'clock P. M., the procession was formed in front of the Court House, consisting of several clergymen from abroad, city officers, members of the various professions, students and others, and marched to the church where a very large audience had already assembled.

Dr. Parks opened the ceremonies with prayer.

The *Te Deum* was then finely sung by the parish choir, and was followed by the salutatory oration on the "Permanence of Words" by Henry L. Janes of Racine. A fine production and well delivered.

The Oration, "Love of Country," by Lyons Lanyon, of Mineral Point, was a good production, but delivered too fast, and with little conception of intonation, emphasis, and the finer points of rhetoric.

The Oration, "Party Spirit," by R. S. Morrison of La Porte, Ind., was rather tame, and badly delivered, but manifested untried ability.

Then followed the Anthem "I will wash my hands in innocency," by the choir.

Then came the orations of Masters H. F. Dousman, of Summit, E. A. Baldwin, of Prairie du Chien, and J. H. H. Millett, of Beloit, all good, or so good at least, as to promise future eminence to the speakers. We were especially pleased with the last by Master Millett.

The valedictory, by Mr. John Yates, was a most worthy production. The address to the Trustees, the Rev. President, and his fellow-students was noble and touching, both in composition and delivery.

After the anthem "The Lord shall comfort Zion," by the Choir, the College address was delivered by the Rev. Mr. Capron of Kenosha. His subject was the necessity of cultivating the heart as well as the head, the affections as well as the intellectual faculties. This he considered in a great measure to be the mother's mission. It was on the whole, a beautiful complete and appropriate production, and one which did honor to the speaker.

The degree of A. B. was then conferred upon H. L. Janes, J. H. H. Millett, and John A. Gates, the graduating class of the present year.

Dr. Parks then read a closing address, to the Trustees Students and Audience, in which he briefly alluded to the prosperity of the College, after which the commencement hymn was sung, and the Benediction pronounced by Dr. Park.—*Racine Journal.*

Storm on Friday Night.—On last Friday evening our village was visited by a storm that was so terrific in its force and effect that its like is not remembered by the oldest inhabitant. The wind blew a perfect hurricane, hurling large objects about as though they were mere playthings; the lightning the most vivid we ever saw, and rain fell in torrents. This continued probably an hour and a half, when a calm succeeded. The corn and wheat crops were blown down. To the farmers it has done immense damage, almost ruining their crops.—*Fox Lake Journal.*

Sauk County Bank.—Our new bank, whose card will be found in another column, commenced operations last Monday with a capitol of $50,000. The President, Simeon Mills, Esq., is a wealthy and well known citizen of Madison, and is, we understand, second to none in that city as a thorough, substantial business man. Mr. T. Thomas, the Cashier, a son of Mr. Benjamin Thomas of Freedom, has for some years past been engaged in the State Bank of Madison.—*Baraboo Republic.*

Wolf River Railroad.—The Directors in this Road are securing the right of way between Ripon and Omro. So far the farmers as far as called on, have presented to the Company the free right over their lands, and it is more than probable that in the whole distance, not a single individual will charge the company for the privilege of crossing his land. This shows a liberal confidence in the utility and benefit of this road which we hope will not be disappointed. It is the intention to put the road under contract, and commence the work in the next thirty days, and to push the work with the utmost vigor until completed.—*Ripon Home.*

Grasshoppers in Maine.—The Lewiston (Me.) *Advocate* states that the grasshoppers are committing terrible devastations in that region, and the crops of several farmers in the south eastern part of Durham are in danger of being utterly ruined. On the farm of Joshua Lambert they have eaten all his growing corn and attacked his wheat and oats, so that he was obliged to mow them for fodder.

From the Philadelphia Bulletin.

How Buchanan was Elected.

When in October last, we declared in the Bulletin that the election in this city had been carried by gross fraud, the assertion was denied in quite positive terms by certain journals. The Court of Quarter Sessions has, after the most patient examination, confirmed our view of the case, and pronounced that Lewis C. Cassidy, the Democratic candidate for District Attorney, was not elected, but that William B. Mann was. A similar investigation in regard to every other officer elected in October would doubtless have led to a like decision, and the number of illegal votes, if all could be ascertained, would be counted by thousands instead of hundreds. The determination of the party leaders was plain.—They knew that the city must be carried, even if frauds had to be committed; that if the city was carried, the State would be, and that this would secure Buchanan's election in November.

We hesitate not to declare that the election of October, now declared fraudulent, was the means of Buchanan's success. If the opposition had carried this city in October, there would not have been the least chance for Mr. Buchanan. His party had been completely demoralized by the results in Maine and Iowa, and a defeat in Pennsylvania in October would have been fatal to his prospect. It was the consciousness of this that made the party leaders determined to carry the city by foul means or fair. By a system of frauds, the most flagrant ever witnessed in this city, a democratic majority was figured up, and from that moment the democrats felt sure of the State for Buchanan. It is lamentable enough to see a single office obtained by such villainous means as these exposed by the Court; but in this case the whole policy of the country was controlled by the frauds that were committed; a great and powerful party was defeated, and a man was chosen President of the United States, who could not possibly have succeeded, except through the frauds committed by his supporters in Philadelphia, at the October election. Mr. Buchanan has to thank the efficiency of the Pennsylvania election laws, and the very deliberate process of justice, for the seat he now holds as President of the United States. Could the wrongs committed have been exposed and proved at the time we first declared them, John C. Fremont would have been President of the United States.

Large Entries of Public Lands—Free Labor Movement in Missouri.

The sales of public lands in the Springfield district within the last 60 days, have reached 400,000 acres—entered almost exclusively by persons from the free States—Ohio and Pennsylvania being represented among the purchasers. This amount of entries exceeds that of the three previous years at the Springfield office. Our readers will recollect that the Land Register at Warsaw, published in this paper some weeks ago, that 500,000 acres had been entered in that district within about the same length of time and that the office was in consequence closed until further notice. About two thousand acres per day are being entered in the Jackson district. At Palmyra there are only, we are informed, about 50,000 acres of government land now subject to entry.

We suppose the *Republican*, in view of the facts exhibited in the land sales cited above, will still insult the common sense of the people of the State and city by denying and ridiculing the immense benefits which are daily resulting to us all, from the free labor movement. With all its pampered venom towards the north and northern men, we are glad to know that its efforts are powerless for evil—if we except only its triumph in defeating the central route for the overland mail.—*St. Louis Dem.*

Lola Montez on Her Travels.

Last Friday morning Lola took the train from Niagara Falls to Buffalo, and without advice from any source, she seated herself in the baggage car to quietly puff her cigarette. While thus coolly throwing off from her lips the curling smoke she was discovered by the conductor and informed that passengers were not permitted to ride in the baggage car. She paid no attention to the intimation, however, but continued to smoke as if no one had addressed her.

Assistant Superintendent Collamer was at the station, and was informed what Lola was doing. He said she must do as other passengers did, and that she could not be permitted to ride in the baggage car. The conductor called upon her and pointedly told her that she must take a seat in one of the cars designed for passengers.—Lola drew herself up in an attitude of defiance and told the conductor that she had traveled all over the world, and had always rode where she had a mind to, and proposed to do so in this case.

The conductor further expostulated with her and assured her that he was but executing the order of the Superintendent and the rules of the Company. Lola replied that she had horsewhipped bigger men than he. This settled the matter.

The conductor withdrew and Lola was not again disturbed by him. She rode to Buffalo in the baggage car, and had no occasion to use the whip. The railroad men did not care to further disturb the tigress.

The Egyptian Steam Yacht the Traveller of the Sea.

The Pasha of Egypt's new yacht is now nearly completed. She is built of iron, filled in with wood from the lower deck to the rail, and consequently is very stiff and compact in her upper works. Her bedplates, keelsons, and bearings for her boilers and engines, make her, if possible, even stronger below. So far as we are qualified to judge, we have little hesitation in stating that she is throughout a very strong vessel, finely designed and beautifully finished.—She is over 1,000 tns, and is the largest iron vessel of war that has been built in this country. Her ends are very sharp, her stern rounded, and upper deck flush. Upon her upper deck she carries her armament, leaving the entire deck below for cabins and accommodations for her officers and crew. Her engines are below the load line, and work a single propeller of an improved design.

She is ship rigged, and looks beautifully aloft. The rigging is covered over the eyes, and served over the ends, up to the leading trucks. Her upper deck is a wonder of beauty and strength; the planks are laid edgeways, are narrow and long; the bulwarks are solid; the skylight frames are of mahogany guarded with brass wire, her after capstan is of brass; she has also two brass carriage guns, the wheel is inlaid with the same metal, and her pinrails shine like gold. No expense seems to have spared in making her what she is—strong and beautiful. She was built by Messrs. Holden and Gallagher at East Boston, was modelled and draughted by Mr. Samuel H. Cook, (the best marine draughtsman in New England,) and designed by Mr. Stone, who has the general superintendence of all her details.—She now lies at the Grand Junction Wharf at East Boston. In the course of a month or two she will proceed to Egypt, and take her place in the Pasha's navy.—*Boston Traveller.*

Hail Storms and Tornadoes.—Atmospheric disturbances occur with unusual frequency this season. Friday and Sunday last were noted for severe hail and wind storms in various sections of the country. Friday afternoon a tornado swept over a portion of the country between Toledo and Adrian, doing great damage to trees and crops. Eight miles east of Adrian hailstones fell nearly the size of hen's eggs, making terrible havoc. At Tecumseh and Manchester chimnies, sheds, &c., were blown down. At East Raisinville the hail prostrated the growing crops, and the stones fell with such power as to cut large cornstalks entirely in two. At Clinton the storm lasted over an hour. Several houses and barns were unroofed. The tall chimney of the Novelty Mills was blown over, crushing in the roof as it fell. Several orchards were almost entirely destroyed. Trees were twisted off like pipe stems.—*Cleveland Herald*, 22d.

A Cargo of Cats.—A New York merchant recently sent for a cargo of Maltese cats from that celebrated Island, per schooner Wm. E. Callis, of Nantucket, Capt. Smith. Fifty kittens were received on board the schooner as a part of the assorted cargo. On the voyage very rough weather was experienced. At first the tars attributed the rapid succession of gales to the Comet, but one old sailor told the crew that it was nothing outside the vessel that occasioned the storm; that one cat was enough to send any ship to Davy Jones's locker, and as they had fifty on board, not a man of them stood a chance of setting foot on dry land again. This was enough for the superstitious crew, and the cats were immediately demanded of the Captain, given up and drowned. By a singular coincidence, the storm thereupon abated. The owner of the cats has now sued the owners of the vessel for damages, laying the value of the cats at $50 a piece—or $2,500.

Railroad Vote at Omro.—On Monday last the citizens of Omro held an election to vote on the question of loaning the credit of the town for $50,000 to the Wolf River Railroad, which resulted in a vote of more than two-thirds in favor of such loan.

A Nude and Frightened African in New York

The brig Flora, Capt. Yates, of Newcastle, Me., arrived Monday, July 13, from Dix Cove, (West coast of Africa,) May 25, bringing among her crew a native Krooman, who had been taken on board at Dix Cove as a foremost hand. The fears of this native African had been excited on the passage by the sailors, who gave him to understand that he would be sold as a slave when he reached the white man's country. When the vessel hauled into the Atlantic dock, a monkey on board attracted a curious crowd, but was forgotten soon by the superior attractions of the African, with a pair of huge ivory bracelets upon his wrists. Seeing so many white and strange faces he became alarmed, and then sprung into the rigging, and with the agility of a monkey ran up to the fore royal yard, where he perched himself, and by his manner bid defiance to all white folks.

A naked African in such a position soon drew a large throng of spectators; the mate tried every means to induce him to come down, but without effect; to the mate's commands he would make but one reply, "me dies, me dies," and by his gesture intimating that he would cut his throat before he was taken. He remained on the yard about three hours, the excited crowd hooting, yelling and throwing stones at the poor creature to increase his alarm, of course. He finally told the mate he would come down if white man "go 'way," or "didn't come." The vessel was hauled away from the deck to get rid of the mob, but at length three "bummers," or longshoremen, went on board, and in defiance of the mate's remonstrances, climbed the rigging to force the Krooman down. Their efforts to catch him, however, were wholly in vain; he ran from one yard arm to another, and sprung about among the lifts and braces like a cat, defying all attempts to reach him. At one time he dropped from the outer end of the royal yard arm and caught the top gallant lift, alighting safely on the yard below.

These wretches, finding he was too spry for them aloft, then descended to the deck, and pushing the mate aside, seized the topgallant braces, and began to surge, to pull and slack up and swing the yard back and forth in the most violent manner, the negro clinging with might and main to the yard and lift, the crowd on the dock, the meantime, yelling like fiends, and awaiting to see him thrown from the yard. The police were called but could not or would not disperse the rowdies. At last, worn out by his directions to save his life, as a sudden jerk of the braces was given by the scoundrels on deck, the poor fellow was thrown from the yard, and striking the brace, fell into the water, a distance of seventy or eighty feet. He barely escaped the rail of the vessel in his descent; had he struck it, or fallen on the deck he would have been instantly killed. Some boatmen now attempted to rescue him from the water, but he dove as quick as flash, and swimming under water came up a long distance off.

They pursued him, however, and seizing him by the ivory rings on his wrists, endeavored to get him into the boat; but he resisted with all his might, and cried out, "Me die! me die!" He was finally got on board, and to satisfy him that their motives were friendly, one of the boatmen pulled off his own shirt and pantaloons and put them upon him. This immediately quieted his fears, and he surrendered himself to his new friends, who, to escape the mob, rowed him to the cutter Washington, where he was received and cared for by Lieutenant Kellum. He is called John Davis, and made our reporter understand that he came from Glentaboo; that he had been two months and a half on board the brig and had not been paid his wages. Capt. Faunce will inquire into his case, and see that the poor African has justice done him.

A Cigar Joke.—The Springfield Republican tells a story of a coal dealer and an insurance officer who were conversing, when the latter suggested cigars, and jocularly offered to pay if the coal dealer Mr. P., would get them. "Agreed," was the word, and Mr. P. received ten cents, went off and bought a couple of cigars. Mr. F., the insurance man, sat still in his chair, received his cigar, and after puffing and squeezing and punching, remarked that P. had better luck with the cigar he was puffing freely away upon, than had fallen to his own lot. "I shouldn't wonder," replied P., "*for I gave eight cents for mine, and only two for yours.*"

A Proper Question.—The question has been asked why it is considered impolite for gentlemen to go into the presence of ladies, in their shirt sleeves, while it's considered in every way correct for the ladies themselves to appear before gentlemen without any sleeves at all.

A Step Backward.—The Boston Board of Aldermen have voted to sell the steam fire engine. "The boys" have triumphed, says the *Traveler*, sinews have beaten steam. Farewell to the "great squirt."

SHALL THE ENTERPRISE OF THE MILWAUKEE UNIVERSITY BE ABANDONED?—A correspondent in the *Wisconsin* says:

I understand that in consequence of the pecuniary difficulties experienced in carrying forward the Milwaukee University, the Trustees of that institution have resolved to abandon the enterprise, and now propose to sell the property and refund to the subscribers.

I would ask, will the citizens of Milwaukee allow such a thing to be done, when a few dollars can prevent it?

Has any appeal been made to the public generally?

Have the Trustees made any public statement of the condition of the University? And if not, then why not let the people know what is wanted, and employ an agent to see if the necessary amount can't be secured? No doubt the Trustees are acting according to the best of their judgment, but why not make a more extended effort?

We are of opinion that it is but necessary to make known to the public the condition of the University, and to employ proper means to do this, to secure whatever amount may be needed to carry on the enterprise. It would be unreasonable to suppose that the citizens of Milwaukee, who have become proverbial for their liberality in the cause of Education, would, now in the day of their prosperity abandon an enterprise of such vast importance, to the character of our city and the education of its youth.

We hope that the trustees of the institution, will not be too hasty in abandoning this matter, but first let them make an appeal to the public, and no doubt our citizens will respond handsomely.

THE WEATHER.—Certainly we are now being more than repaid for the miserable weather which we have had during the early part of the season. No finer weather could be desired than that which we are now enjoying, and which we have had for weeks past. Never did our city look more beautiful, and never has it been in a more healthful condition than at the present time.

The crops in the country are doing well, and the coming harvest promises fair to be a rich one. Business of course is dull at this season, but there is an advantage even in that, if we could only look at it as such. Our business men who have been so much engaged during the early part of the season, have now an opportunity for a little relaxation preparatory to the Fall business.

Aetna Insurance Co.

See the new card which we insert this morning, of that true and staunch old Insurance Company, the *Ætna*, of Hartford. There is no better or safer company in the world, we presume, and if an insurer is not safe with it, we do not see how he can be made so.

Mr. W. H. HOLLAND, the agent here—office in basement of Newhall House—is active, energetic, persevering, and prompt, and the Ætna has in him a representative in whom it may have every confidence, since he has won an enviable reputation here, among those who know him best.

Mr. HOLLAND is also the agent for the HARTFORD FIRE INSURANCE COMPANY, chartered some fifty years ago, and also one of the very best in the country.

BURGLARY BY A WOMAN.—A woman named Mary Kanaly burglariously entered the house of Edward Sullivan, on Van Buren Street, in the Third Ward, early on Thursday morning, and took therefrom a watch belonging to Sullivan, which was hanging upon the wall in the room next to the one in which he was sleeping.

She performed the theft very adroitly, entering the house while the inmates were sleeping, and going out through a room where some of them slept, without disturbing them.

She then went to different places and tried to sell the watch, and finally disposed of it for a dollar! Officers Shaughnessy & Garlick traced the matter out, and arrested the thief on Saturday afternoon.

Pepper-box Architecture.

MESSRS. EDITORS:—Is it not to be hoped that, some of these days, church and other architects will cease building pepper-boxes? We have a pepper box on the spire of St. Mary's church, a pepper box on Plymouth church, pepper-boxes on most of the public school-houses, and now another specimen of the pepper-box style is being erected on the Summerfield Methodist church! The site of the latter building is such as to show a fine spire to advantage. In the name of grace and beauty, is it too late for a change in the plans, so as to have a mustard-pot, or vinegar cruet?—though this last is perhaps monopolized by the Cathedral. But can we not have some thing besides pepper boxes? *

A TRIP THROUGH THE LAKES OF NORTH AMERICA; embracing a full description of the St. Lawrence River, together with all the principal places on its banks, Commerce of the Lakes, &c., with Maps and Embellishments. N. Y., Published by J. Disturnell, 13 Beekman St.

We are indebted to the publisher, who is on a visit to our city, for a copy of this new candidate for the favor of the summer tourist. It is a neat and convenient little volume, of some 350 pages, not too large for the pocket, and containing a great deal of valuable information. It must help the traveller materially in the enjoyment of a journey through the Northern States and Canada.

STAIR BUILDER.—We believe that Mr. J. G. Leffingwell, whose card will be found in another column this morning, is the only person in this city who applies himself exclusively to "getting up stairs" and banisters.

His shop is over Crampton & Oakley's turning establishment, on Fowler street, between Fourth and Fifth.

He is ready to fill orders for country or city at all times, and he guarantees his work to be done in the best style and most substantial manner.

SMITH'S PANORAMA OF EUROPE.—Smith's Tour of Europe was exhibited to a large audience on Saturday night, at Young's Hall. It is a very instructive and interesting entertainment, and gives one an excellent idea of the scenery and customs in the old world, and more information about it we venture to say than would be attained by many in six months travelling through it.

None should lose the opportunity to see this excellent Panorama, for it is not only valuable, as a representation of Europe, but a work of art which possesses great merit.

AGENCY OF MILLER & CURTIS—ERROR CORRECTED.—We were in error yesterday in stating that Dr. S. C. SMITH is the agent for *this city* of the publishing house of Miller & Curtis, proprietors of Putnam's Magazine. The Dr. is their General Agent, and, as he will attend to his work with the same energy and faithfulness with which, in the Mexican war, he would run down a "greaser," or tie an artery, he is a great acquisition to the firm for which he acts.

CONCERT SALOON.—There is a very attractive bill for this evening at GARDINER & SWANEY'S Concert Saloon, on Main Street. Miss Mary Marietta, an actress of some note, makes her first appearance there this evening; also, Mr. Frank Leslie, a celebrated tenor singer from the Eastern Theatres. Messrs. G. & S. spare no pains to make these entertainments highly interesting, and strict order is always maintained.

FIRE ALARM.—The alarm of fire on Saturday afternoon was caused by the burning of a shanty in the Ninth Ward.

Grand Pleasure Excursion to Lake Superior.

The steamer *North Star*, of the Cleveland and Lake Superior Steamboat Company's Line, is to give a pleasure excursion as above, leaving Mackinaw, August 5th. All who wish to avail themselves of this Excursion Trip can connect at Mackinaw with the *North Star*, by leaving Milwaukee on or before the 3d of August, by one of the American or Western Transportation Company's Line of steamers to Mackinaw.

For passage apply to Griffin & Burns, East Water street. jy24-3t

☞ The following from the pen of Ex-Senator Hannigan, of Indiana, will be appreciated by all:

"We cannot refrain from calling the attention of our readers to the "Hair Restorative" of Prof. O. J. Wood. It will be seen that he has numerous certificates from persons of the highest character, to the merits of his Restorative. From positive knowledge, we are also enabled to say that it is, in every sense, what it professes to be, and we do not hesitate to pronounce it the finest preparation for the head and hair which has, so far, been devised by human ingenuity. We have seen it arrest threatened baldness, and restore to the head its original profusion of natural and glossy hair, and when the latter has been prematurely tinged with grey, we have seen it like magic, restore the colors of youth and health. The distinguishing property of this, we might truly say, miraculous "Restorative" is, that it gives to the person who uses it the same head of hair they wore in youth, thus acting in strict compliance with the first and greatest of all toilet makers—Nature. No one who has used it will hesitate to unite with us in this testimony to its peculiar merit."—*Covington* (*Ind.*) *People's Friend*

THE COLLINGWOOD PROPELLERS.—We learn from Hon. James Sanson, of Orilia, C. W., who was in Toronto a day or two since, that very satisfactory progress was making in that city in the matter of taking stock to establish a line of propellers between Collingwood and this city, to run in connection with the Grand Trunk and Ontario and Simcoe Railways. Some seventy-five thousand dollars have been subscribed and the canvassers were making important additions to the list. It will be remembered that stock to the amount of $36,000 was taken in this city a few weeks since, and also some in Milwaukee, the exact amount we do not remember.—*Chicago Press*.

SAILING OF THE C. J. KERSHAW.—The bark C. J. Kershaw having completed her cargo, sailed for Liverpool at 6 o'clock last evening. Through the liberality of Duncan Stewart Esq., the Propeller Omar Pasha, Capt. Montgomery, was deputed to tow the Kershaw into the Lake. The propeller, with colors flying, took her in tow at the dock of the Detroit and Milwaukee Railway, at the appointed hour for sailing, and as she passed down the river, a national salute was fired on shore. The greater portion of the members of the Board of Trade, the Mayor, a portion of the Common Council, and a number of invited guests were on board, to see the Kershaw into the clear waters of Lake Erie, and safely on her way. A band of music enlivened the occasion with their soul-stirring strains. A large concourse of people assembled on the dock at the foot of Woodward avenue, to see her off, and as she passed that point, three rousing cheers were given her, which made the welkin ring.—*Detroit Adv.*

COLLISION—STEAMBOAT SUNK.—The steamer Islander, owned and commanded by Captain Charles Lappan, of Chatham, C. W., and running between Chatham and Detroit, was sunk about two o'clock this morning, by colliding with the steamer Pearl about seven miles below this city. The Islander was struck square in her forward gangway, and was stove so badly that she sank in a few minutes. Her crew was taken on board the Pearl. The latter sustained no damage of consequence. The Pearl lies with the rear part of her promenade deck just out of water. She will be raised. Damage about $1000—no insurance.—*Detroit Tribune.*

SALE OF THE 29TH—A chance for speculation. Our list of property for the public sale of the 29th, is daily being added to, and some very choice lots will be offered at prices which at any other time would be considered as ruinously low.

On the list we have a tract of 27 acres adjoining the city, which offers the best chance for a good investment of any property which has been sold this season, and the terms are such that a fortune can be realized from the land before one quarter of the purchase money falls due. We call the attention of capitalists to this sale, and assure them that there will hardly be such another opportunity this year for making cheap purchases.

Our catalogue will be prepared in a few days, for the meantime we will add to it such lots as the owners may wish to dispose of in this manner.

A HOMESTEAD FOR EVERYBODY.

WE OFFER a limited number of lots in the First Ward, only one mile from Spring Street Bridge, on as easy terms as they are selling in the new additions. Our terms are only five dollars on a hundred to be paid down, and three dollars on a hundred in monthly payments thereafter. A handsome discount will be made when three or more monthly instalments are paid at once. The lots are situated in the best part of the 1st ward, on high rolling ground, commanding a fine view of the city and lake, and are only one mile from the center of business. Those who apply first will have the choice, and as there are only about twenty lots to be sold, we advise everyone wishing to have a homestead in the city, instead of going 3 or 4 miles to some of the new additions, to call at once. Any person with a fair salary can save enough to buy one or more of these lots, and we invite all disposed to purchase to give us an early call. The property will be worth double what it is offered at now in two years. The owners of the property propose grading the streets to the established grade, and laying plank sidewalks opposite these lots, at their own expense. Advantages of buying these lots over any that have been offered this season:—1st, They are only one mile from the center of business, the post office, &c.; 2d, they lie high and handsome and in the most healthy part of the city; They are offered on such easy terms, viz, five dollars on a hundred at the time of purchasing, and three dollars on a hundred monthly thereafter; 4th, They give everybody an opportunity of owning his own homestead, right in the heart of the city, by paying a small sum out of his monthly earnings; 5th, The purchasers of these lots will be at no expense in making their streets, (indeed the streets are now being made) or in laying their sidewalks; 6th, The title is perfect. We might go on giving reasons why this is a grand opportunity to get a home, but we have said enough. Call at our office and we will show you the property, and give you your choice of Lots.

As no odor proceeds from the preparation, the glove can be worn immediately after it is cleaned. With a piece of flannel, apply a small portion of the preparation very lightly, and the dirt will immediately disappear. It is the article used by the Kid Glove Manufacturers of France to impart that purity of finish and softness for which their gloves are so justly celebrated. It cleans kid slippers and white and colored kid gloves elegantly. It is also an excellent article for the toilet, and for beautifying the complexion removing tan, pimples, &c., far exceeding in excellence any of the thousand and one preparations usually sold for that purpose. One trial, at the trifling expense of 25 cents, will convince any one that the article is all that it is claimed to be. Try a bottle of it for 25 cents and you will never wish to be without it.—It can be obtained of all Druggists and Dealers in Fancy Goods in Milwaukee, and at wholesale of the sole proprietors CLARK & Co., 335 Broadway, New York. E. & J. HOLMES' IMPROVED SEAMLESS WHALEBONE SKIRTS. WE take pleasure in again introducing our improved Seamless Skirt, as being the most acceptable article in market; we are aware that many new styles called improvements are before the public, such as India Rubber, Gutta Percha, Rattan, &c., all of which we have if called for—but cannot recommend them, as we have experimented with and tested them all—(most of them two years since) submitting them to the judgment of competent ladies to decide upon their merits, and have found them from actual use to be in all important respects, inferior to our properly prepared Whalebone which has been in use the past years, and for which has been expressed from all parts of the country entire satisfaction, and we have the most positive evidence from our own large retail trade, amounting to many dozens per day. Therefore we confidently recommend our Skirts to be the least objectionable of anything in use; possessing many advantages found in no other Skirt, the most important of which is our series of elastic cords at the bottom, made from the only material that can be used, that will recover its place when pressed out of shape, will not roll nor curl, is not affected by heat or cold and can be washed without injury. These cords at the bottom, instead of bones, which are exceedingly awkward and inconvenient, with our own prepared bones above and a fabric manufactured by ourselves expressly for our goods, in our estimation and the estimation of thousands who have used them, pronounce a Skirt, and the only skirt equally adapted to the parlor, the street, and the crowd, giving a proper, graceful and elegant form to a Ladies' dress; light, pliable, easily adjusted and in every respect a complete article. The public are cautioned against all imitations or other goods called Seamless Skirts. Every genuine article is stamped E. & J. Holmes' Improved Seamless Whalebone Skirt, and are for sale at 99 Market street, Philadelphia, and in the principal Jobbing Houses in New York and Boston. E. & J. HOLMES & CO. MEDICAL.

R. R. R.

THREE GREAT LIGHTS. Mankind have long been engulphed in darkness, as regards the true means of securing health—ridding the human body from disease, and preserving life. The sick, under the fallacious treatment of the regular faculty, are subject to a continued practice of probabilities and uncertainties. There is nothing certain or fixed in the treatment of the sick either in the old or new school of medicine.

Dr. Radway has succeeded in producing three remedies—known to the world as Radway's Ready Relief, Renovating Resolvent and Regulators. These remedies are not only established facts, inasmuch as they have never yet failed in their special or combined efficacy in producing fruitful and beneficial results—but, they are facts establishing a science—as they have in all cases, "when tried," succeeded in restoring to health—and ridding the body from disease after all other medical treatment had failed—and the most skillful physicians had given up the sick as beyond the power of human means to cure—and pronounced the dreadful mandate—incurable.

Radway's Remedies are therefore fixed facts in the archives of medical science—they have been "often tried"—"never denied"—and are ready "to be tried again."

FIRST GREAT LIGHT. RADWAY'S READY RELIEF. As a Special Remedy to be used in all cases where the human body is seized with the torturing pangs or paroxysms of pain—no matter what the cause of the pain may be, or where it may be located—an application of the Ready Relief, either internally as a drink, or externally as an alleviator, will, in a few minutes, restore the afflicted body to ease and comfort.

In all cases of Bowel Disorders, Dysentery, Cholera, Bloody Flux, Sick Headache, and other Nervous Affections, Neuralgia, Rheumatism, Sprains, Strains, Tooth Ache, Burns, Scalds, Wounds, Shot Wounds, Bruises, Cuts Poisoning, either by the bites or stings of Reptiles, Insects or Vegetable or Mineral Poisoning by accident—in all cases and under all circumstances where the human system is tortured by Pain, Radway's Ready Relief can be relied upon as a quick, safe and certain remedy.

In cases of Biliousness, Bilious Fever, Typhus Fever, Ship Fever, Yellow Fever, Fever Ague, Scarlet Fever, and all malignant Fevers, Small Pox, Measles, Pneumonia, Radway's Ready Relief, used in connection with Radway's Regulators, will cure the positively sick, afflicted with these disorders, and protect the system against sudden attacks when either of these malignant diseases prevail.

SECOND GREAT LIGHT. RADWAY'S REGULATORS. The discovery of these wonderful pills establishes a new era in purgation, and a new principle in the science of medicine. In taking these pills no griping pains or sickness at stomach is experienced—they operate naturally leaving the bowels, liver and other organs in a natural and a healthy condition.

They insure those who take them a good appetite and healthy digestion.

Each pill that is taken gives new life to the blood—they purify it, take from it all impure deposits, and equalise its circulation.

One or two doses of Radway's Regulators will entirely remove all distressing symptoms of Dyspepsia, Jaundice, Nervousness, Indigestion, Costiveness, Liver Complaint, Biliousness, Melancholy, and will cure all organic diseases, either in man or woman. Ladies troubled with irregularities, or weakening discharges, may rely upon a prompt cure and Regular Periods, if Radway's Regulators are taken.

Every dose of Radway's Regulators that is taken instils new strength within the body of the weak, feeble and infirm. All who take are delighted with the happy change they experience in a few hours. The dispirited and melancholy feel joyous and happy; the sick and debilitated, strong and vigorous.

THIRD GREAT LIGHT. RADWAY'S RENOVATING RESOLVENT. *Cures Humors, Salt Rheum, Scrofula, Ulcers, Nodes, Tumors, Fever Sores, Skin Eruptions, Blotches, Bronchitis, Dyspepsia, Gout, Dropsy, Syphilis, Consumption, Appoplexy, &c., and all constitutional and chronic diseases, either inherited by hereditary transmission or inoculated by exposure or otherwise.*

There is no remedy in the world that will work such miraculous cures in old diseases as Radway's Resolvent. It changes the whole human body—reproduces new and healthy blood.

☞ Bleeding from the lungs—Radway's Renovating Resolvent will, in a few minutes, check Hemorrhage from the lungs or throat. In cases where the patient coughs up clots of blood or pus streaked with blood, Radway's Resolvent will soon remove the difficulty.

☞ Sarah Hammond, of 185 East Thirty-second St., had a bad cough for two years, she coughed up sometime half a pint of blood during the night. She was cured in seven days by the Relief and Resolvent.

☞ A sore leg of 21 years, cured in three weeks, by Radway's Relief. Mr. T. H. Kilge, a merchant of high standing in Dalonega, Ga., says: "That a gentleman, who for 21 years had been afflicted with a sore leg, that resisted every kind of treatment, was effectually cured in three weeks by Radway's Ready Relief, Resolvent and Regulators.

THE THREE GREAT LIGHTS RADWAY'S RELIEF—REGULATOR—RESOLVENT. In all constitutional diseases, and where the constitution is broken down, or the body in a rapid state of decay, or the system inoculated with the virus of disease, either by the violation of the laws of health, intemperance, excess and indulgence of the passions, or by hereditary transmission, as in cases of Scrofula, Consumption, Rheumatism, Gout, Fits and other heir looms, which a long line of ancestry has so bountifully and richly bestowed on posterity, as a memento of the past, at the cost of the suffering inheritors. These Remedies in their trinitary capacity, possess a curative power that no disease can withstand; their combined effect will eradicate from the living body every particle of diseased matter, renovate the whole system with health; *heal* the unsound, resolving lungs, or other organs; cleanse and purify the unclean from all impurities.

To the disabled wayfarer, who is crippled with infirmities we invite you "to try" these remedies. We will vouch for their efficacy.

With many hundreds of others who have witnessed and felt the effect of the "Three Great Lights," and as they rule and govern those bodies which they are destined by the Almighty Power, so these three Remedies stand as Rulers, Conquerors and Grand Masters of all diseases.

THE LIVER INVIGORATOR! PREPARED BY DR. SANFORD. IS A GREAT SCIENTIFIC Medical discovery, and is daily working cures, almost too great to believe. It cures as if by magic, even the first dose giving benefit, and seldom more than one bottle is required to cure any kind of Liver Complaint, from the worst Jaundice or Dyspepsia to a common headache, all of which are the result of a Diseased Liver.

SANFORD'S INVIGORATOR

The Liver is one of the principal regulators of the human body, and when it performs its functions well the powers of the system are fully developed. The stomach is almost entirely dependent on the healthy action of the Liver for the proper performance of its functions when the stomach is at fault, the bowels, are at fault, and the whole system suffers in consequence of one organ—the Liver—having ceased to do its duty. For the diseases of that organ, one of the proprietors has made it his study, in a practice of more than twenty years, to find some remedy wherewith to counteract the many derangements to which it is liable.

To prove that this remedy is at last found, any person troubled with Liver Complaint in any of its forms, has but to try a bottle, and conviction is certain.

A compound has been formed by dissolving gums and extracting that part which is soluble for the active virtues of the medicine. These gums remove all morbid or bad matter from the system, supplying in their place a healthy flow of bile, invigorating the stomach, causing food to digest well, purifying the blood, giving tone and health to the whole machinery, removing the causes of the disease, and effecting a radical cure without any of the disagreeable after effects, felt by using CALOMEL or MINERAL Poison that is usually resorted to.

One dose after eating is sufficient to relieve the stomach, and prevent the food from rising and souring.

Only one dose taken before retiring prevents nightmare.

Only one dose taken at night loosens the bowels gently, and cures costiveness.

One dose taken after each meal will cure Dyspepsia.

☞ One dose of 2 teaspoonfuls will always relieve Sick Headache.

One bottle taken for female obstruction removes the cause of the disease, and makes a perfect cure.

Only one dose immediately relieves Cholic, while One dose often repeated is a sure cure for Cholera Morbus, and a preventive of Cholera.

One dose taken often will prevent the recurrence of BILLIOUS ATTACKS, while it relieves all painful feelings.

☞ Only one bottle is needed to throw out of the system the effects of medicine after a long sickness.

One bottle taken for JAUNDICE removes all yellowness, or unnatural color from the skin.

One dose taken a short time before eating gives vigor to the appetite, and makes food digest well.

One dose often repeated cures Chronic Diarrhoea in its worst forms, while summer and bowel complaints yield almost to the first dose.

One or two doses cures attacks caused by worms, while for worms in children, there is no surer, safer, or speedier remedy in the world, as it never fails.

There is no exaggeration in these statements; they are plain sober facts, that we can give evidence to prove, while all who use it are giving their unanimous testimony in its favor.

We take infinite pleasure in recommending this medicine as a preventive for Fever and Ague, Chill Fever, and all Fevers of a Billious Type. It operates with certainty, and thousands are willing to testify to its wonderful virtues.

Among the hundreds of Liver Remedies now offered to the public, there are none we can so fully recommend as Dr Sanford's Invigorator, so generally known now throughout the Union. This preparation is truly Liver Invigorator, producing the most happy results on all who use it. Almost innumerable certificates have been given of the great virtue of this medicine, by those of the highest standing in society, and we know it to be the best preparation before the public.—*Hudson County Democrat.*

BOERHAVE'S HOLLAND BITTERS

THE CELEBRATED HOLLAND REMEDY FOR DYSPEPSIA, DISEASE OF THE KIDNEYS, LIVER COMPLAINT, WEAKNESS OF ANY KIND FEVER AND AGUE, And the various affections consequent upon a disordered STOMACH OR LIVER, Such as Indigestion, Acidity of the Stomach, Colicky Pains, Heartburn, Loss of Appetite, Despondency, Costiveness, Blind and Bleeding Piles. In all Nervous, Rheumatic and Neuralgic Affections, it has in many instances proved highly beneficial, and in others effected a decided cure.

This is a purely vegetable compound, prepared on their strictly scientific principles, after the manner of the celebrated Holland Professor, Boerhave. Because of its great success in most of the European States, its introduction into the United States was intended more especially for those of our fatherland scattered here and there over the face of this mighty country. Meeting with great success among them, I now offer it to the American public, knowing that its truly wonderful medicinal virtues must be acknowledged.

It is particularly recommended to those persons whose constitutions may have been impaired by the continuous use of ardent spirits, or other forms of dissipation. Generally instantaneous in effect, it finds its way to the seat of life, thrilling and quickening every nerve, raising up the drooping spirit, and, in fact, infusing new health and vigor in the system.

NOTICE.—Whoever expects to find this a beverage will be disappointed; but to the sick, weak and low spirited, it will prove a grateful aromatic cordial possessed of singular remedial properties.

CAUTION! The great popularity of this delightful Aroma has induced many imitations, which the public should guard against purchasing. Be not persuaded to buy anything else until you have given BOERHAVE'S HOLLAND BITTERS a fair trial. One bottle will convince you how infinitely superior it is to all those imitations. ☞ Sold at $1.00 per Bottle, or six Bottles for $5.00, by the SOLE PROPRIETORS, BENJAMIN PAGE, JR., & CO., MANUFACTURING PHARMACEUTISTS AND CHEMISTS, PITTSBURGH, PA. ☞ BARCLAY BROTHERS, Chicago, General Agents HENRY FESS, JR., Agent for Milwaukee, and for sale by H. THE GREATEST MEDICAL DISCOVERY OF THE AGE.

MR. KENNEDY, of Roxbury, has discovered in one of our common pasture weeds a remedy that cures EVERY KIND OF HUMOR, FROM The worst Scrofula down to a common Pimple. He has tried it in over eleven hundred cases, and never failed except in two cases, both thunder humor. He has now in his possession over one hundred certificates of its value, all within twenty miles of Boston.

Two bottles are warranted to cure a nursing sore mouth.

One to three bottles will cure the worst kind of pimples on the face.

Two or three bottles will clear the system of biles.

Two bottles are warranted to cure the worst canker in the mouth or stomach.

Three to five bottles are warranted to cure the worst kind of Erysipelas.

One to two bottles are warranted to cure all humor in the eyes.

Two bottles are warranted to cure running of the ears and blotches among the hair.

Four to six bottles are warranted to cure corrupt and running ulcers.

One bottle will cure scaly eruptions of the skin.

Two or three bottles are warranted to cure the worst kind of ringworm.

Two or three bottles are warranted to cure the most desperate case of rheumatism.

Three or four bottles are warranted to cure salt rheum.

Five to eight bottles will cure the worst case of scrofula.

A benefit is always experienced from the first bottle, and a perfect cure is warranted when the above quantity is taken.

ROXBURY, MASS.

DEAR MADAM:—The reputation of the Medical Discovery, in curing all kind of humors, is so well established, by the unanimous voice of all who have ever used it, that I need not say anything on the subject, as the most skillful physicians and the most careful Druggists in the country are unanimous in its praise.

In presenting the Medical Discovery to your notice, I do it with a full knowledge of its curative powers, in relieving all, and curing most of those diseases to which you are unfortunately so liable. That most excruciating disease to an affectionate mother NURSING SORE MOUTH, is cured as if by a miracle; your own temper is restored to its natural sweetness, and your babe from short and fretful naps to calm and sweet slumbers; and the Medical Discovery becomes a fountain of blessings to your husband and household.

In the more advanced stages of CANKER it extends to the stomach, causing DYSPEPSIA, which is nothing but canker on the stomach; then to the intestines and KIDNEYS, creating a sinking, gone feeling, and an indifference even to the cares of your family. Your stomach is RAW AND INFLAMED, your food distresses you, and you can only take certain kinds, and even of that your system does not get half the nourishment it contains, as the acrimonious fluid of the canker eats it up; then your complexion loses its bloom and becomes sallow or greenish, and your best day is gone. For want of nourishment your system becomes loose and flabby, and the fibres of your body become relaxed. Then follow a train of diseases which the Medical Discovery is peculiarly adapted to CURE; Palpitation of the heart, pain in the side, weakness of the spine and small of the back, pain of the hip-joint when you retire, irregularity of the bowels, and also, that most excruciating of diseases the PILES.

How many thousands of poor women are suffering from this disease and pining away a miserable life, and their next door neighbor does not know the cause. I wish to impress on your mind that good old proverb, "An ounce of prevention is better than a pound of cure." In the MEDICAL DISCOVERY you have both the preventative and the cure, with this great and good quality, that it will never, under any circumstances, do you an injury. Yours truly, DONALD KENNEDY.

CONGRESS WATER. TO SOUTHERNERS: DRINKERS OF CONGRESS WATER. AN inferior article of Mineral Water is advertised and sold under the name of Saratoga Water, the word "Saratoga" being used by counterfeiters in cases where they dare not risk selling their fictitious article as "Congress Water." The success of the cheat arises from Congress Water having been so often called Saratoga Water, that many people suppose that its true and only name. Taking advantage of this, the spurious article is so put up, with names, marks, and bottles, as to resemble as near as they dare, Congress Water, and mostly sold as an imitation of it to those acquainted with the distinguishing marks and brand, peculiar flavor and qualities of the genuine Congress Water. There are a multitude of Springs at Saratoga, the water from any of which might be sold "Saratoga Water," by persons whose scruples of conscience extend only to cases where they are liable to pecuniary punishment, and yet the article so imposed on the public be worthless or injurious. If you want genuine Congress Water buy it of respectable dealers only, and in all cases observe that the Brand on the Cork is ☞ CONGRESS C. & W. WATER, ☜ for it without those words and letters, it is a swindling counterfeit. CLARKE & WHITE, Proprietors of Congress Spring, Saratoga Springs, and No 12 Thames Street, New York.
